Education

- Shri Vishnu Engineering College for Women – Bhimavaram, Andhra Pradesh, India 2023–2027
B.Tech in Computer Science and Engineering | CGPA: 9.03 (ongoing)

Skills Summary

- Programming Languages:** Python, Java, C, JavaScript, SQL
- Core CS Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)
- Libraries & Frameworks:** React.js, Node.js, Express.js, Tailwind CSS, NumPy, Pandas, Matplotlib, Seaborn, Flask, Flutter, Streamlit
- Databases:** MongoDB, MySQL, SQLite
- Tools & Version Control:** Git, GitHub, Visual Studio Code, Google Colab
- Soft Skills:** Teamwork, Leadership, Problem Solving, Time Management, Communication

Projects

- PrepGuide** [\[GitHub Repo\]](#)
Built a full-stack MERN platform where seniors can share interview experiences and preparation tips to help juniors prepare effectively for internships and jobs, featuring secure authentication, bookmarking, and experience management functionalities.
Tech stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT Authentication
- CakeOry** [\[GitHub Repo\]](#)
Developed an AI-driven cake delivery web application enabling visual cake customization, chatbot-based assistance, and seamless order placement with Google service integrations.
Tech stack: React.js, JavaScript, Firebase (Authentication, Firestore), Google APIs (OAuth, Maps, Calendar)
- Smart Recipe Companion** [\[GitHub Repo\]](#)
Developed a Streamlit-based web application that generates personalized recipes using NLP and dynamic recipe generation for 100+ possible ingredient combinations.
Tech stack: Streamlit, Python, Natural Language Processing (NLP), SQLite

Achievements

- Selected as **Amazon Future Engineer (AFE) Scholar – 2024**, supported by **FFE India**, for academic excellence and leadership potential
- Secured **3rd Place** in the **Google Developer Groups (GDG) TechSprint Hackathon (GDGoC'26 Hacks)** out of **105 teams** for building an AI-powered web solution using React and Firebase ([View Credential](#))
- Secured **2nd Place** in an Inter-College Coding Contest at **Velagapudi Ramakrishna Siddhartha Engineering College**, clearing 3 coding rounds and receiving a Merit Certificate, Memento & Cash Prize.
- Open Source Co-Lead at **Google Developer Groups (GDG) SVECW**, mentoring 50+ students and organizing technical workshops to promote open-source contributions.
- Contributor at **GirlScript Summer of Code (GSSoC)**, contributing to open-source projects and collaborating with global developers.
- Shortlisted among the **Top 100 teams** (out of 56,260+ participants) in **WeForShe HackerRamp 2025**, organized by **Myntra** and **Unstop**, for the Solution Blueprint – Ideation stage.
- Adobe India Hackathon 2025** – Advanced to Round 2 after clearing MCQ + Coding Round; developed PDF outline extraction and interactive web app using Docker and Adobe PDF Embed API.
- Smart Coder – Bronze Certification**, Smart Interviews – Achieved a global rank in the **Top 6%** out of 47,490+ participants ([View Credential](#))
- Placed in **Top 25 out of 160+ teams** at SVECW Ideathon for developing an innovative solution in under 24 hours

Coding Profiles

[LeetCode \(550+ problems\)](#) | [HackerRank \(5-star Problem Solver\)](#) | [CodeChef](#)

Certifications

- Completed the Amazon Future Engineer Bootcamp in February 2025, which included a 10-month **Basics of Java and DSA** course. ([View Credential](#))
- Completed **60+ hands-on labs under Google Cloud Gen-AI Study Jams 2024** ([Profile](#))
- Certified: Python (Basic), Problem Solving (Intermediate) – HackerRank
- Participated in Flipkart GRID 6.0 – Software Development Track
